SAYFA GROUP™

D-RING

SAYFA GROUP D-RING

The Sayfa Group™ D-ring is a multi-use anchor point suitable for fall restraint, fall arrest, and rope access. It is also suitable as a tie off point when using strung systems such as davit arms.

The D-Ring is manufactured from 316 Grade Stainless Steel which is then powder coated. The D-ring has been third-party tested to BS8610:2017 suitable for up to 2 Users or a SWL of 200kg.

STANDARDS

The Sayfa Group™ D-Ring has been tested to comply with BS 8610:2017 relating to "Personal Fall Protection Equipment. Anchor systems".

MATERIALS

The D-ring is a singular anchor point that is formed from 316 stainless steel and then polyester powder coated and laser etched.

SAFETY

The Sayfa Group™ D-Ring is suitable for up to 2 users for fall restraint, fall arrest, and rope access. The safe working load (SWL) is up to 200kg.

INSTALLATION

The D-Ring can be installed in concrete using a M12x105mm SS Concrete anchor. The design and installation of the D-ring should be in accordance with BS 6037 & 7883.

APPLICATION

The D-ring is currently only suitable for fixing in to concrete. Speak to our team for more up to date information on approved fixing substrates.

WARRANTY & MAINTENANCE

15 Year warranty as standard with 30 Year Sayfa+ Warranty. Requires inspecting and certifying at 6 or 12 month intervals depending on system design use.

TESTING REQUIREMENTS

Recertification of this system is required to be performed by a competent height safety engineer. Environmental factors affect the recommended intervals for testing and inspection are as follows:

Fall Restraint & Arrest

EN ISO 12944-2 C1 – C3 Environments : Intervals of 12 months.
EN ISO 12944-2 C4 – CX Environments : Intervals of 6 months*.

Rope Access (Testing & Recertification must be performed by a LOLER competent person)

EN ISO 12944-2 C1 – C3 Environments : Intervals of 6 months.
EN ISO 12944-2 C4 – CX Environments : Intervals of 3 months*.

*For these environments please contact Sayfa group for product finishing options
